

Navigator™ Pro

SUCTION CLEANER

Exclusive SmartDrive™ steering moves the cleaner silently in a predetermined series of turns for more thorough cleaning.

It's powered by your existing filtration system so you don't have the expense of an energy-consuming booster pump.

The Navigator™ Pro has advanced suction technology, utilising the pool's existing filtration system silently for a peaceful pool environment.

It is easy to use, connects in less than 10 minutes to skimmer or suction port. See for yourself why this suction cleaner has been a trusted, worldwide best seller for over 30 years!

The smart choice

for all types of in-ground pools

High-Flow Hose

- Reduces hydraulic friction for efficient operation
- No bags to empty or replace
- Powered by existing filtration system

Hydro-Dynamic Head Design

- Designed for style, engineered for performance
- Turbine-drive system for smooth, silent operation

Vacuum Wings

- Downdraft design captures pollen, sand, twigs, leaves and pebbles

Adaptive Steering Assembly

- Guides the hose as programmed steering maneuvers the cleaner around the pool, eliminating hose tangles.

Advanced Pod Propulsion

- Eliminates the need for wheels and belts
- Consistent performance and long life

Model Number	Hose size (mm)	Cleaning Time (hrs)	Connection time (mins)	Pool Finish	No. of hoses	Diameter (mm) Width x Length	Height (mm)	Unit Wt. (kgs)	Noise Lvl dBA@1M

*Swimming pools with a tiled surface require special order shoes 20-AXV014CP. *Swimming pools with a vinyl lined surface require special order shoes 20-AXV413P.

Features of the Hayward® Navigator™ Pro automatic pool cleaner:

- Advanced suction technology using pool's existing filter system.
- Silent operation without pulsating hoses or noisy components.
- Easy to use and connects in only 10 minutes to skimmer box.
- SmartDrive™ programmed steering for a completely clean pool.
- Optional deluxe leaf canister available as an add on.
- Works well on energy saving low pump speeds.
- Special shoes for every surface, concrete/fibreglass, tiled & vinyl.
- A trusted best selling product, worldwide for over 30 years.

Intelligent cleaning every time with SmartDrive™ technology.

The Hayward® Navigator™ Pro is a smart choice for all types of in-ground pools. Exclusive SmartDrive™ technology makes Navigator™ Pro faster and more efficient than any random style pool cleaner. It moves in a predetermined series of right and left turns to systematically provide more thorough coverage of your pool's surfaces. Pool owners will value its ability to clean their pool in an intelligent manner. Compared to other suction cleaners, Navigator Pro's technology also allows for silent operation. You can enjoy a pleasant and peaceful pool environment even when the Navigator™ Pro is hard at work.

Optional leaf canister connects in-line, trapping leaves and debris before reaching the pool's filter system.

This optional rugged extra-large canister with mesh bag traps heavier loads of leaves and debris. Easy-open lid provides quick access.

High flow durable leader and connector hoses designed to reduce hydraulic friction for efficient operation.
